

Per Diligo : Throughout Love

Tiffany Catrine Williams

Time is rapidly running out. Ryder, having learned and accepted who Abbie really is, helps in her race against the clock to save Tristan and Kendall from ultimate destruction in a weeks time. Assuming they have outsmarted the Rujan with Ryders acceptance of her, they focus on their friends, giving no thought whatsoever to the safety of their own souls. But are Ryder and Abbie really safe? Is it really over for them...or is it just beginning? It was never just so simple as being together-it had to be much more than that. Will they realize that and stop the Rujan in time or will the smallest of misunderstandings be the road to their downfall?
