# Perceptions of a Tortured Being

Natalie Crowe

Perceptions of a Tortured Being is about a woman whose whole world is turned upside down by an exposed brief affair that caused her to re-examine everything she knew about her family, her self, and her relationships. She comes to grip with what she has done by slowly relating everything that she has gone through since the revelation to her husband and family. Along the way to self-forgiveness she loses a family member and the trust of many people. She experiences, like many people, heartache, regret, and loss. This book is a must read for anyone who has ever gone through a rough patch in life and thought it wasn't going to get any better.
