

Perennial Irrigation and Flood Protection for Egypt : Reports of the Technical Commission on Reservoirs (Classic Reprint)

W E Garstin

Excerpt from Perennial Irrigation and Flood Protection for Egypt: Reports of the Technical Commission on Reservoirs Excellency, I have the honour to submit for your consideration, the reports presented by the Technical Commission appointed by the Government for the purpose of examining the different projects for the storage of Nile water. To the above I have added a note of my own in which I make my definite recommendation to the Government upon this subject. Knowing as I do, the keen interest which Your Excellency has always taken in the progress of this most important question from the first day of its inception up to the present time, I present this report to you with great pleasure. The completion of the necessary studies takes us one step nearer that goal which is so essential for the prosperity of Egypt, I mean the completion of a Nile reservoir.
