

# Perfect, I Love You.

Meghan Breaux

Callie Cooper has always used music to ease the pain of the loss of her parents, nine years ago. Now, at eighteen, when Callie finally thinks she has moved past her parents murder and her dreams are no longer haunted by the last day she saw them alive, she receives a horrifying package accompanied by a serious death threat. In attempt to keep her safe, Callies adopted parents hire her a personal bodyguard, Chase Daniels. Callie is conflicted with the strong attraction she feels towards her handsome protector and the serious damper his presence puts on her social life. But when Callie finally allows herself to admit the feelings she has for Chase, a chance encounter with a national singing sensation turns her world upside down. Easton Strander is a young new Country artist. With an ever-growing fanbase and all the news coverage that comes with it, he, too, is haunted by his past. Flashing fake smiles to the cameras, he silently hopes that all the lies he has told to get here will never catch up to him. Easton knew a long time ago that he could never open his heart to anyone again. But when Easton meets Callie for the first time, he sees his own dark soul reflected in her haunted eyes, and it causes him to remember a family he once knew. Will following their hearts lead to true love or disaster?
