

Perfectopia

Leon Herna Ndez

Sam is an active and restless young man fighting with his girlfriend, Silvia, for a better, more equal and more just world. However, their struggle is shortened after a tragic outcome during the protest against their government. From that moment on, events rush across Europe causing an economic and social collapse. The old continent is immersed in the greatest conflict experienced since World War II. Nevertheless, Europe is able to rise from its ashes in such a powerful way that it will end up impacting the rest of the planet. Unlike other novels or stories which show a dark and dystopian future, Perfectopia offers a future full of hope, where mankind has overcome most of its current challenges, imposing on themselves a change of mentality and developing a future that now will be worthwhile for our children to inherit. Perfectopia does not only tell us the great future that awaits us, but also, what steps should the humans take to achieve their desired future. Welcome to Perfectopia.
