

# Performance Evaluation of Select Mutual Funds in India

R. Prasantha Kumar

A mutual fund is a financial intermediary that pools the savings of investors for collective investments with an anticipation of returns. Globally, mutual funds have established themselves as the means of investment for the retail investor. The main objective of the book is to give a basic idea to investors for investing in mutual funds. Besides, the study has adopted a world renowned methodology for evaluating performance of mutual funds through which investors, practitioners etc., will take optimum investment decisions for yielding higher rate of returns. It would guide academicians and researchers to carry out further research in the field. The policy makers shall make utilize the out comes of the book for regulating mutual fund industry in India.
