

The Perfect Love Book

N D Brennan

The Perfect Love Book is a spiritual guide to understanding the secrets to finding, achieving, and maintaining the perfect love. What makes the book unique is that it has been written for singles who aspire to get married and who look to get it right the first time, as well as engaged and married couples alike. Its words transcend cultural, religious, and ethnic boundaries by plugging into the very essence of what a loving relationship between a husband and a wife was always intended. This book focuses on every facet of the marriage relationship from the first encounter to identifying The One to ways in which he or she should be treated to losing The One to starting all over again. Readers come to understand that The Perfect Love is not a myth, but rather a reality that, when cultivated and nurtured appropriately, will last you for a lifetime.
