

The Perilous Gate : Book 1: The Gates Of Carn Cycle

J. J. Eliyas

Just beyond your fingertips is another world. Its in the whisper of the wind, the sigh of the trees. Its the shadow in the mirror or the fleeting glance of something out of the corner of your eye. All reality depends on frame of reference what if one moment you were walking across a college campus or down a busy city street and the next you were fighting for your life in land where dark magic prevailed, the edge of sword determined if you lived or died, and your fate was linked to fate of an alien world
